CalPERS 2021 California Public Divest from Iran Act and Sudan Act Legislative Report

Executive Summary

This report is provided by the California Public Employees' Retirement System (CalPERS) pursuant to the requirements of California Government Code (G.C.) § 7513.6, also known as the Sudan Act, and §7513.7, also known as the "California Public Divest from Iran Act" (each, an "Act" and collectively, the "Acts")

The Acts require the CalPERS Board of Administration (Board), consistent with its fiduciary responsibilities, to identify, engage, and potentially divest from companies meeting the criteria specified in the Acts. Further, the Acts require ongoing annual reporting by CalPERS to the California Legislature until the respective sunset provisions have been satisfied.

As further described below, all U.S. economic sanctions against Sudan have been lifted which triggers the sunset of the Sudan Act. CalPERS will discontinue future monitoring and restrictions of the affected companies going forward.

For the 2021 reporting period:

1. CalPERS screened for companies potentially meeting the criteria for consideration under the Acts that may be held in the Public Employees' Retirement Fund.
2. No new companies were added for further review under the California Public Divest from Iran Act and the Sudan Act.
3. It has been confirmed there are no related holdings within CalPERS' private equity portfolio, based on the latest available holdings information available at the time of this report (as of August 31, 2021).
4. No new companies have been proposed for divestment.
5. CalPERS has ceased monitoring a number of companies due to lack of ownership of these stocks. Additional information on those companies is available in Table 10 of this report.
6. Most sanctions against Sudan were revoked on October 6, 2017 when the U.S. Department of State announced the revocation of economic sanctions on Sudan and the Government of Sudan under Executive Orders 13067 and 13412. The State Department stated that "the Government of Sudan's sustained positive actions to maintain a cessation of hostilities in conflict areas in Sudan, improve humanitarian access throughout Sudan, and maintain cooperation with the United States on addressing regional conflicts and the threat of terrorism" as the basis for the revocation. See Press Statement¹. The revocation became effective on October 12, 2017 pursuant to Executive Order 13761 (Jan. 13, 2017), as amended by Executive Order 13804 (July 11, 2017). To reflect this revocation, OFAC removed the Sudan Sanctions Regulations ("SSR") from the Code of Federal Regulations (C.F.R.) on June 29, 2018. As a result, U.S. persons are no longer prohibited from engaging in transactions with respect to Sudan or the Government of Sudan that were previously prohibited by the SSR. Remaining economic sanctions against Sudan were revoked with the December 14, 2020 announcement by the U.S. State Department that Sudan's designation as a State

CalPERS 2021 California Public Divest from Iran Act and Sudan Act Legislative Report

Sponsor of Terrorism was officially rescinded.²As such, CalPERS believes that one of the conditions required for the sunset of the Sudan Act has been satisfied. See §7513.6(m)(2)³.

All holdings information is as of August 31, 2021 unless otherwise noted.

Background Information – Inception of the Acts

In 2007, Assembly Bill 221 (California Public Divest from Iran Act) and Assembly Bill 2941 (the Sudan Act) were enacted to prohibit CalPERS and CalSTRS from investing in companies with specified business activities in Iran and Sudan, respectively, subject to the fiduciary duties of the Board as described in Section 17 of Article XVI of the California Constitution. In October 2011, Assembly Bill 1151 was passed, amending AB 221 to its current form.

CalPERS Compliance with the Acts

Among other things, the Acts require CalPERS to use publicly available information to identify public portfolio companies that may be subject to the Acts and to make a good faith effort to identify potential private equity exposures.

CalPERS reviews a variety of information sources to identify the companies in its portfolio that may potentially meet the threshold criteria for divestment. There may be instances in which CalPERS has not engaged a company that was identified by other agencies. Reasons for this may include, but are not limited to:

- Portfolio holdings – Companies identified by other sources may not be held in the CalPERS Public Employees' Retirement Fund (PERF) during the reporting period.
- Timing – Differences may occur due to the timing of each respective organization's engagement with individual companies.

Additional information on CalPERS' compliance with the specific reporting requirements of the respective Acts is included in the sections below.

CalPERS 2021 Report – G.C. 7513.6 (Sudan Act)

In consideration of the requirements of the Act, the potentially lengthy discovery and confirmation process, and ease of presentation, CalPERS will group companies into several categories:

1. **Divested/Restricted** – These are companies that were determined to have satisfied the threshold criteria for divestment defined by §7513.6, and as to which the CalPERS Board determined divestment would be consistent with its fiduciary obligations.
 - This category addresses the requirements of §7513.6(i)(3) and (i)(4) should divestment of a company be in progress with restrictions on new purchases

² <https://home.treasury.gov/policy-issues/financial-sanctions/sanctions-programs-and-country-information/sudan-and-darfur-sanctions>

³ https://leginfo.legislature.ca.gov/faces/codes_displaySection.xhtml?sectionNum=7513.6.&lawCode=GOV

CalPERS 2021 California Public Divest from Iran Act and Sudan Act Legislative Report

2. **Under Review** – These are companies that have been identified as possibly subject to the Act that are 1) undergoing review to affirm whether they do or do not meet the threshold criteria for consideration under the Act, or 2) are undergoing the engagement and communication cycle specified by the Act, or 3) are being considered for divestment in accordance with CalPERS policies.
 - This category addresses the requirements of §7513.6(i)(1) and (2)
3. **Monitoring** – These are companies that CalPERS’ initial screening determined as not meeting the threshold criteria for further consideration under §7513.6, which CalPERS continues to monitor for possible changes in status relevant to the Act.
 - This category addresses the requirements of §7513.6(i)(5)
4. **Exempted** – These are companies that were identified, and confirmed as meeting the threshold criteria for divestment, but that the CalPERS Board has elected to exempt from divestment.
 - This category addresses the requirements of §7513.6(i)(4) for companies exempted from divestment on fiduciary grounds, and of §7513.6(i)(6) where the “Sudan-free” alternative fund or account has been deemed not financially equivalent to an unconstrained fund/account such that the Board elected not to transfer assets therein (component §7513.6(f)(2)). This category also addresses §7513.6(i)(6), component §7513.6 (f)(3), should the Board elect not to divest from a private equity exposure in a company confirmed to have met the threshold criteria for divestment.
5. **Other** – This category is used to capture other required reporting components not captured in the other categories.
 - §7513.6(f), as part of §7513.6(i)(6), in which an economically equivalent alternative fund or account was established with PERF assets transferred therein.
 - §7513.6(j) any investments in a company with business operations in Sudan (as defined in the Act), that the board voluntarily sold or transferred.

These elements are included in Tables 1 through 5, by category, on the following pages. The “market value” may include public equity, depository receipts, and debt assets.

CalPERS 2021 Report – G.C. 7513.7 (California Public Divest From Iran Act)

As with G.C. §7513.6(i), CalPERS will group companies into several categories for G.C. §7513.7(i):

1. **Divested/Restricted** – These are companies that were determined to have satisfied the threshold criteria for divestment defined by §7513.7 as to which the CalPERS Board determined divestment would be consistent with its fiduciary obligations.
 - This category addresses requirements §7513.7(i)(1),(2),(3), and (4) should divestment of a company be in progress with restrictions on new purchases
2. **Under Review** – These are companies that have been identified as possibly subject to the Act that are 1) undergoing review to affirm whether they do or do not meet threshold criteria for consideration under the act, or 2) are undergoing the engagement and communication cycle specified by the Act, or 3) are being considered for divestment in accordance with CalPERS policies.
 - This category addresses the requirements of §7513.7(i)(1), (2), and (5)
3. **Monitoring** – These are companies that CalPERS' initial screening determined as not meeting the threshold criteria for further consideration under §7513.7, which CalPERS continues to monitor for possible changes in status relevant to the Act.
 - This category addresses the requirements of §7513.7(i)(1), (2), and (5)
4. **Other** – This category is used to capture other required reporting components not captured in the other categories.
 - §7513.7(f), as part of §7513.7(i)(6), in which an economically equivalent alternative fund or account was established with PERF assets transferred therein
 - §7513.7(j) any investments in a company with business operations in Iran (as defined in the Act), that the board voluntarily sold or transferred
 - §7513.7(i)(7) the annual economic impact of the divestment mandate on the PERF

These elements are included in Tables 6 through 9, by category, on the following pages. The “market value” may include public equity, depository receipts, and debt assets.
