

Improving Health Outcomes and Equity: A Population Health Approach

Summary of Discussion

Drs. Julia Logan and Lisa Albers will provide the Board of Administration with a two part presentation that describes an overview of CalPERS approach to Population Health Management as well as provides an update on behavioral health opportunities and challenges. The first half of the presentation will outline how our Population Health Management program drives improvements in health outcomes and will include an overview of our CalPERS members. The second half of the presentation will provide an update on activities to improve the access to and the quality of behavioral health care services for our members, including our efforts around monitoring, alignment, and member communication.
